Does victoria secret measure bra size correctly

Slipping into a new piece of lingerie is a great feeling. But there’s nothing sexy about snapped elastic, bent underwire, or frayed seams. If your new panties aren’t pretty or your push-up lets you down, don’t worry. Victoria’s Secret’s satisfaction guarantee should have you smiling again soon. Victoria’s Secret Bra Warranty FAQs There is no Victoria’s Secret warranty/Victoria’s Secret bra warranty exactly, but Victoria’s Secret does guarantee that you’ll be satisfied with its merchandise. How? The return policy covers every item in every department; if you don’t love it, you can bring it back. Victoria’s Secret will let you return or exchange any garment, even after wearing it, as long as the original, sewn-in label hasn’t been cut out. According to the Customer Service section on VictoriasSecret.com, any product except gift cards can be returned at any time. Victoria’s Secret Return Policy Your options for returns and exchanges depend on when and how you got your item. If you can find your original receipt or shipping invoice, hang on to it! You can make a return without a receipt, but having it will make things easier. You’ll have the best options if you can show when you bought the item and how much you paid. Return Merchandise to a Victoria’s Secret Store You can return any item to any store in the same country where it was purchased. It doesn’t matter if you bought it in another store or received it as a gift — as long as it’s in the same country. Items purchased online and delivered in the U.S. can also be returned to your nearest store. Online orders sent overseas can’t be returned to a store (see the section below on “Return an International Order.”) If you’ve cut the price tags off, you can still return the item. But your return will go faster if you bring the tags. There are a few specific rules about returning items to your local store. With the original receipt, in the first 90 days: You can get an exchange or refund for the full purchase price. Your refund will be returned in the original form of payment. For online orders, bring the invoice that was included in your package. With the original receipt, after 90 days: You can get an exchange or refund for the full purchase price. Your refund will be returned as a merchandise credit. For online orders, bring the invoice. Limit on returns or exchanges with a receipt: You can make up to 7 returns with receipts in a 90-day period. If the item is defective, it doesn’t count toward this limit. Without a receipt: Your refund or exchange will be handled according to the return policy posted in the store at the time. You can get an exchange or a refund as a merchandise credit. The refund amount will be the item’s lowest selling price. That’s the price after all coupons, sales, and discounts that could apply. Limit on returns or exchanges without a receipt: You can make up to \$250 worth of returns without receipts in a 90-day period. If the item is defective, it doesn’t count toward this limit. ID required without a receipt: You will need to show a government-issued ID (like a driver’s license, military ID, or passport) to return items without a receipt. With a gift receipt: You can get an exchange or a merchandise credit for the original purchase price. Other exceptions: You can’t return an item with the original garment label cut out. You must make all returns or exchanges in the same country the item was purchased. If any local laws are different than store policy, the store will follow the law. Return Merchandise by Mail If you ordered an item for delivery, you can return it by mail. You can’t return items by mail that were bought in a store. The process for mail returns is the same for gifts, website, catalog, and phone orders. There are a few specific rules about returning items by mail. If you are outside the U.S., see the section below on “Return an International Order.” If your item arrived damaged or defective, or you got the wrong item, call Customer Service at (800) 568-4288 before taking any other steps. If you just want to exchange the size or color, you can order the replacement by phone and get your new item faster. They’ll send the replacement right away, while you are mailing your return back. The number for phone exchanges is (800) 411-5116, and your replacement item will ship for free. Purchases returned in the first 90 days can be refunded in your original form of payment or exchanged for another item. Gifts and items bought with a gift card will be refunded as a gift card. Items returned after 90 days may be exchanged for another item or refunded as a gift card. The buyer’s original shipping and handling fees are not refundable. Fill out a return slip for purchases and gifts. If you don’t have the return slip that came with your delivery, you can get a new form from the Victoria’s Secret website. If you need to look up details of your order to fill out the form, you can see them in your online account. If you’re returning a gift, be sure to mark that on the form. Mail your package to the returns processing center. You should have a prepaid shipping label attached to your shipping invoice. If you use that label, send the package by USPS. The price (\$5.99) will be deducted from your refund. If you don’t want to use the prepaid label, you can send your return by any trackable, insured delivery service. See the return center’s shipping address. Allow two weeks for shipping and for your refund to be processed. Return an International Order If your item was purchased in a Victoria’s Secret store outside the U.S., you can return it to any other store in the same country. If you placed an international delivery order by phone, you can return it to the U.S. return processing center. Purchases returned in the first 90 days can be refunded in your original form of payment or exchanged for another item. Gifts and items bought with a gift card will be refunded as a gift card. If you are exchanging for an item at a higher price, you must pay the difference. Items returned after 90 days may be exchanged for another item or refunded as a gift card. The buyer’s original shipping and handling fees are not refundable. Fill out a return slip for purchases and gifts. If you don’t have the return slip that came with your delivery, you can get a new form from the Victoria’s Secret website. If you are returning a gift, be sure to mark that on the form. Mail your package to the returns processing center. You can send your return by any trackable, insured delivery service. You must pay the return shipping. See the return center’s shipping address. Allow 30 days for shipping and for your refund to be processed. If your item was purchased online and delivered outside the U.S., the return process depends on the country where you received it. This chart on the Victoria’s Secret website lists the guidelines for each country. In Summary Although there is no Victoria’s Secret warranty/Victoria’s Secret bra warranty, they have a customer satisfaction guarantee on every garment they sell. You can return or exchange any item that you don’t love, with or without a receipt, (but if you can find the receipt, use it!).\ As long as you follow the different rules and procedures we’ve outlined for returning items in stores, by mail, or internationally, you should be able to get your refund or exchange for a new item. Suggested further reading: These Are the Stores That Let You Try on Bras Before Buying Victoria’s Secret has faced a year of controversy and backlash and the lingerie brand may be trying to find its way forward in a world that demands more than sample-size models. On October 4, the company announced a partnership with U.K.-based lingerie brand Bluebella. It took a collaboration to get there, but for the first time in its history Victoria’s Secret will feature a plus-size model in a lingerie campaign.Ali Tate Cutler, a model and influencer, is the woman who landed the historic gig. “I never expected that I was going to see an image of myself on the wall next to these top supermodels that I have been looking up to since I was a little girl,” she told E! . “It feels amazing. I feel on top of the world.”The announcement comes after a cascading series of missteps from the brand. In a 2018 interview, Ed Razel, the then-chief marketing officer of Victoria’s Secret parent company L Brands, said that the brand’s fashion shows would never feature “transsexuals” because “the show is a fantasy.” It’s since been reported that the annual show was canceled this year.For her part, Cutler is speaking up for inclusion. “I feel like they are headed in the right direction and they are listening to their audience who have requested to see more women of diverse shapes and sizes,” she told E! . “I think if they continue to head in that direction, they will be on to a jackpot because that is reflective of what the average woman is in America.”It’s worth noting that though Cutler is reportedly a size 14 and technically the brand’s first plus-size model, she represents a collaboration with Bluebella and not the brand’s own line. Additionally, the Bluebella x Victoria’s Secret offerings only go up to 36DD for bras and teddies and XL for panties and loungewear. If you’re in the market for plus-size lingerie, here are a few options that you may find more inclusive.More on Victoria’s Secret-Now, here’s what it’s like to be a plus-size triathlete:You can follow Allure on Instagram and Twitter, or subscribe to our newsletter to stay up to date on all things beauty. Everyone knows that Victoria’s Secret is the go-to place when you want to pick up beautiful lingerie. But the brand’s reputation for exquisite detail means its intimate apparel often comes at a higher price (paging the Fantasy Bra). With some strategic digging, though, you can find a slew of great alternatives to Victoria’s Secret that maintain all the sexiness and appeal of the retailer’s most popular pieces, only they’re much more affordable. These items come in a range of categories beyond the classic push-up bras and darling thongs (think: pajamas, robes, and even wedding & bridal lingerie), and with so many colors and sizes to choose from, everyone can indulge in their inner vixen. Keep in mind that shopping for undergarments online won’t be quite the same as buying them in the store, so, while you’re browsing, remember that sizing varies across brands and across products. Most bras follow standard sizing measurements, but beyond that, for things like panties, robes, and lace teddies, it’s a good idea to consult the reviews from your fellow shoppers and any sizing notes the brand may provide. Customers on Amazon are always quick to point out exactly when a product runs small or large, and the highest-reviewed picks will help you distinguish the quality and feel of a garment, too. The picks I’ve rounded up below are among the most worthy Victoria’s Secret alternatives you can find on Amazon. Despite the fact that they’re all top quality, they’re also astoundingly wallet-friendly — with prices starting at just \$8! The Best Bras1. This Comfortable Push-Up Bra Amazon Reviewers Are Obsessed WithMaidenform Women’s Love The Lift Push UpAmazonJust like the Sexy Bombshell Pushup bra, this saucy pushup bra can also make your breasts look two sizes bigger. And according to many of the more than 1,200 Amazon reviewers, you won’t be sacrificing comfort in the name of style: “I think this is the most comfortable underwire bra I have ever had,” reported one person.The bra comes in a range of colors and there’s even a sweet bit of lace along the sides of the band. This Classic T-Shirt Bra With A Frontal ClosureA front-clasp bra, like this one, is not only a great pick for nursing moms who need quick access, but it’s also a convenient feature that anyone will appreciate. This particular bra offers full coverage, and the sheer lace embellishments on the top half of the cups give it something extra in terms of aesthetics. That lace also extends to the racerback, which provides a little extra lift and support to people with larger busts. It’s also perfect for wearing under tank tops, as the straps will stay nice and hidden. Available colors: 5Available sizes: 34B — 48G3. This Wireless Bra That’s Super SupportiveA lightly lined wireless bra is the ideal go-to for those days when you’ll be lounging around the house (or even taking long road trips) and still want to feel supported, but not nearly as constricted. Thanks to this bra’s contoured cups, wide, stretchy band, and smooth fabric, you won’t even miss the assistance that wires usually provide. My favorite part about this bra, though, are the fit adjusters on the straps. Plus, there are no tags, and these are impervious to slipping and bunching, so you don’t have to worry about wedgies, either.
