# Bosch induction cooker manual

How to use bosch induction cooker.

Product type Chei bosch bosch cooking plan Model 4 series Pie651BB1E Also known as: Pie651BB1E Description Color Color Black Ceramic Glass controls Touch Fragmented finish Yes (3 sides) Features Number of induction cooking zones 4 Left front 1.8 kW Rear left 1.8 kW Rear right 1.4 kW Right 2.2 kW Infant lock SYS Control panel lock SÄ→ General Automatic Pan RECOGNITION SYNNESS SAFETY CLOCKED YES TIMER FOR ALL ZONES YES FUNCTION YES FUNCTION YES FUNCTION PowerBoost for all zones Restart function Yes Timer with shutdown Yes Product dimensions Height (mm) 51 Width (mm) 592 Depth (mm) 522 Niche size for installation Dimensions Height (mm) 51 Width (mm) 560 Depth (mm) 490 Electrical connection information Total load connected (kW) 7.4 Evaluation of the fuse (A) as supplies varies depending on use Please consult an electrician here Lied for fuse vote. This product must be wired (non-supplied cable) guarantees 5 years parts and labor, 2nd to the fifth year subject to registration within 90 days of purchase. Loading installed only today, so time will tell you. It looks good, and no problem at first use, power push boiled water very quickly, but it will take time to get used to after always using gas. He did many research before buying. Make sure you have the required electrical connection, as needed 32AMP to be able to feed all 4 rings simultaneously, it will still work with less amplifiers, but not full, we needed an electrician, glad not to have purchased the installation from the supplier , as it was not directly. It looks smart, I only had a week, so it can't comment on durability. Easy to use. Home Kitchen Appliances Cooking Hottes Hors Induction Hob For Security Student Student Life University Many of our kitchens are equipped with induction stove. In addition to saving time during cooking, these have security benefits, but they can be a bit complicated to use if you never did it before. We put together this step-by-step guide to help. First, it is important to note that you will need specific pots and pans for the induction hob to work. These are often made from iron or a magnetic degree of stainless steel. If a magnet sticks at the bottom of the pan, it will work. I would recommend the double control of the specifications when buying the pots to confirm that they work on an induction hob. It is also possible to check the symbol of the pan. Using the induction hob, pass the hob a unit to the wall (it may also require a boost switch). Put your induction pan on the hob ring you want to use. Keep your finger down on the power switch located on the appliance. Starting cooking by selecting the sensor that refers to the ring you want to use. Adjust the heat by pressing sensors + and Å ¸ å,- ". Once you have finished using the hob, press and hold the power button again to turn off the appliance. Please note, without an induction pan On the hob will not produce heat. Å, please remember not to leave the appliance unattended when it is turned on, do not use the appliance as a job or a storage surface, make sure the pots you are using are stable for Prevent ribtating and causing an accident Make sure there are no flammable liquids and the materials lit or kept near the appliance set the cooking zones to Å, ~ 0 å å "c å" ¸ å "e (off) when not in use when cleaning the appliance with Wet cloth and some detergent objects and abrasive detergents will damage the appliance for your safety do not clean with steam blasters or high pressure detergents and if you are not yet sure, just ask one of our teams to ask for help.
