The only way for you to create a legend dragon is reproducing pairs of dragons with a pure element or legendary element. Please note that some of the dragon reproduction combinations are "unique", which require parents to be in certain levels. Verdict of Gamelytic in Dragon Raça Rarity Booster: It will be a better investment in reproductive trees if you have not done it. These requirements are also listed with this reproduction guide. Let's notice each of these dragon rides and the best way to get them. Metal + dark = zombie. A C as the probabilities are significantly lower than if you just use the correct parent pair. The second type is the product of descendance of the unusual elements opposed. The chances of getting a legendary dragon, although it is very low quickly on a chance of creation of approximately 1%. Based on some preliminary tests on our part, we determine the fee to be approximately "twice" of your original reproduction chance. We hope that the price fluctuate a little during your tests A / B. Flame + petroleum 3. Volcano + medieval 3. Other dragon rides: non-adaptable dragons A C
