# Rcf evox 12 manual

EVOX-12Active Array 2-way with 15 "SubwooferOverviewÅ Thea EVOX 12 is the most powerful line-source of its class and offers a particularly deep and dynamic reproduction at high levels, due to the power amplifier 1400W. The TOP section has Eight high performance neodymium transducers 4 "full-range with Ares phase of plug.As is arecs Therefore, it is the EVOX 12 arecs has significantly improved low-mid reproduction Ares constant level with Ares Wide -Dispersion for the highs.The 15" SUBWOOFER provide bass reinforce a big party or a drum butt of a live band. Despite the high performance, the housing is very compact, and thanks to the integrated wheels and retractable handle, very easy to transport.POWERFUL CLASS D AMPLIFIERRRCF Class-D packaging performance operating enormous power amplifier technology with a lightweight solution. EVOX amplifiers deliver ultra-fast attack, realistic response to transients and pres tations impressive audio. The amplifier has a solid mech anical aluminum structure that stabilizes the amplifier during transport, but also aids heat dissipation without a fan. The present EVOX amplifiers feeding section SMPS the maximum power and minimum weight.SUPERIOR TRANSDUCERSHIGH FREQUENCIES transport - the ultra-compact full-range 4 "drivers are able to handle extremely high SPL and power. Low FREQUENCIES - The high excursion 15 "RCF woofer extends to more low frequencies which offer quick and accurate punch. The drawing EVOX matrix 12 provides constant directivity horizontal coverage of 90 ° x 30 Å Å Å °, the vertical alignment design isFEATURESREADY to play between STEPSPORTABILITY SIMPLE 3 with few simple steps, the EVOX system 12 is all ready and ready for playing! Å ASSEMBLY The upper column is placed on the pole support, that can be easily screwed onto the upper secondary side and rod assembly can be separated into two single parts.-A-1400 130 Watt Å Å dB SPL max-40 Hz-20 kHz response Å 15 "woofer-Å 8 x 4" control-Å neodymium full-range woofer-90-Å Å Å ° x 30 ° slightly inclined model Å innovative DSP processing-Å Å Pole mountable, easy configuration and transportationSpecificationÅ frequency response: 40 Hz to 20000 Å · HzMax Spl @ 1m: 130 dBHorizontal angle of coverage: 90 Å Å ° vertical angle of coverage: 30 Å Å Å Fullrange °: It's 8 x 4.0 & quot;, 1.0 & quot; vCwoofer: Å 15 ", 3.0 " vCInput signal: Å Å bal / unbalInput Connectors: Å Å XLR, JackOutput Connectors: Å Å XLRInput Sensitivity: Å -2 dBu / + 4 dBuCrossover Frequencies: Å Å 180 HzProtections: Å Å Å RMSLimiter thermal: Å Å soft LimiterControls: Å Å Å Volume, EQTotal Power: Å Å 1400 W peak, 700 W RMSHigh frequencies: Å Å Å peak 400 W, 200 W RMSLow frequencies: Å Å Å 1000 W peak, 500 W RMSCooling: Connections Å Å Å ConvectionÅ: Å Å VDECe Marking: Å Å YesCabinet / case Material: Å Å Å Baltic birch plywoodColor: Å Å Å BlackHeight: Å Å Å 2200 mm / 86.61 inchesWidth: Å Å Å 410 mm / 16.14 inchesDepth: Å Å Å 560 mm / 5.22 inchesWeight: Å Å Å 36.4 kg / 80.25 lbs Packaging Infopackage Å Weight 43.89 kg / 96.76 lbs product Dimensions Å Å Å 9 x 17 x 17 inches what's in the Box-feeding without manual nor cable © aL ADD bASKET Add to the shopping and choose BUY NOW FINANCE eras uP the checkout. This package contains the following items: 2 x RCF Evox 12 1 x 2 x RCF M18 RCF Evox 12 Cover 2 x 6m XLR-XLR lead Evox 12 EVOX 12 is the most powerful line-source in its class and offers a particularly profound and dynamic reproduction at high levels due to the built-in 1400W amplifier. The upper section has eight high-performance neodymium 4 Å Å Å full-range transducers with a phase plug. As a result, the EVOX 12 presents a Significant medium-low reproduction at a constant level to a wide dispersion for the high. The subwoofer and 15 provides a powerful sound of the bass to reinforce a great party or the case of a live band. Despite high performance, the envelope is very compact, and thanks thanks Wheels and extendable handle very easy to carry. The M18 M mixers represent a fully integrated solution for musicians. The maximum flexibility and comfort are granted from internal, from the point of integrated wi-fi access point integrated Wi-Fi access: the only musicians of the items to be transported are their tools. EVOX 12 Cover hardback cover set for the active speaker system RCF EVOX 12. Signal Cable XLR 6m XLR to XLR This is a microphone / high quality balanced audio for superior sound quality and reliability. The high quality cable comprises 2 pure copper nuclei isolated and overall shielding. The PVC resistant sheath has a smooth texture and is reinforced with cotton cord to prevent tangling. Terminated at one end with a male XLR connector and the other end with a female XLR connector. This package contains the following items: 2 x RCF EVOX 12 2 x 6m XLR to XLR Lead Evox 12 EVOX 12 is the most powerful online source in its class and offers a particularly deep and dynamic reproduction at high levels due to the built-in amplifier 1400W of power. The upper section has eight high neodymium transducers neodymium 4 Å Å Å ~ "with a phase plug. Accordingly, the EVOX 12 has a low significantly greater duration reproduction at a constant level with a wide dispersion for high. the subwoofer 15 Å Å ~ provides a pure powerful bass sound to strengthen a big party or kick drum of a live band. Despite the high performance, the fence is very compact and thanks to built-in wheels and handle extensible very easy to carry. signal cable XLR 6m XLR XLR This is a balanced microphone / audio of high quality for exceptional sound quality and reliability. the high quality cable comprises 2 pure copper nuclei isolated and shielding global. the PVC resistant sheath has a soft consistency and is reinforced with cotton string to prevent tangling. Terminated at one end with a male XLR connector and at the other end with a female XLR connector. R CF EVOX 12 Manual EVOX 12 is the most powerful online source in its class and offers a particularly deep and dynamic reproduction at high levels due to the amplifier built-1400W of power. The upper section has eight high neodymium transducers neodymium 4 Å Å Å ~ "with a phase plug. Accordingly, the EVOX 12 has a low significantly greater duration reproduction at a constant level with a wide dispersion for high. the subwoofer 15 Å Å ~ provides a pure powerful bass sound to strengthen a big party or kick drum of a live band. Despite the high performance, the fence is very compact, and thanks to integrated wheels and extensible handle very easy to trasportare.Evox 12 Features: Å Å Å - Å Å 1400 watts. The acute section has 8 4 "neodymium transducers, range and referring. Consequently, the EVOX 12 has a significant means of reproduction to a constant level, and a wide dispersion in the acutes. The sub-low 15Å Å, ~ It produces powerful bass to strengthen a large format party, or advertising campaign of the Hypers group 'despite its high performance the box is very compact, and thanks to the integrated wheels and extendable handle, very easy to transport item code: .. 13,000 482 EVOX 12 115V EAN 8.024.530,01337 million 13.000.481 EVOX 12 220-240V EAN 8.024.530,013196 Millions RCF Class D Amplification Technology combines enormous performance, with high efficiency in a solution underground. Series amplifiers EVOX provide an ultra-rapid attack, response to realistic transients, and an impressive audio performance. The amplifier uses a solid meccanized aluminum structure that not only stabilizes amplifier D Urante transport, but also helps to disperse heat, without the need for a fan. All EVOX series amplifiers make use of a SMPS (switched) power supply that produces a maximum output power with the minimum weight. High frequency, - the ultra-compact full-range 4Å, Å, ~ device addable extrasy treatment high SPL and power. The column features higher 8 pilots. The low frequencies The high excursion and 15 Å, ~ RCF woofer extends up to the lower frequencies that provides a quick and specific punch. The Port Design Avoid Bass-Reflex Air Turbulence Distortion Reduction. The EVOX 12 Array Horizontal Constant Constant Project Features Coverage of 90 ° X 30 Å °, which offers a perfect listening experience for the public. The vertical design array is progressively formed to guarantee a correct listening from the front row and to avoid high frequency typical straight array. Learn more portability, with 3 simple steps, the 12 EVOX system is all ready and ready to play! EVOX 12 system has been designed to be easily transported and set quickly. All components Å Å Å, ~ "Top column, diving, pole and cables Å Å Å, ~" Come into a single package and in the form in optional transport covers .. MountingThe Top column will be inserted on the mountain pole, which can be easily Screwed the Side Top Sub-fund and Monte Palo can be separated into two unique parts in order to position it on the transport bag. GAME! Transport and assembly your audio system has never been rapid! The RCF RCF speakers Designed with its own and advanced FIR filtering technology, designed to provide a transparent sound, absolute clarity and perfect immersors perfect for the listener. Firphase special filters allow you to obtain a homogeneous distribution of sound for all listeners, without phase distortions and guarantee minimum latencies in the system. Find more Frequency response: 40 Hz Cover Å · 20000 Hz Horizontal: 90 Å ° at its vertical cover: 30 Å ° Complete range: 8 x 4.0 °, 1.0 ° VC Low Speaker: 15 ", 3.0 ° VC Entry Sign: Bal / Unbal Input Connectors: XLR, Output Connectors Jack: XLR Release Entrance: -2 DBU / + 4 DBU Crossing Frequencies: 180 Hz Protections: Thermal, Total RMS Power: 1400w peak, 700 W RMS Acute: 400w peak, 200 W RMS Low frequencies: 1000 W peak, 500W RMS Refrigeration: Convection Connections Unit: VDE Box Material: Balic Birch plywood Height: 2200 mm / 86.61 inch Total width: 410 mm / 16.14 inches of the depth of the package: 560mm / 22.05 inch Package weight: 36.4 kg / 80.25 lbs Package weight: 43.89 kg / lbs 96.76 AC XLR 3M3F XLR Spine CVR EVOX 12 Protection EVOX cover The simpler street is the Professional EVOX RCF response to the small satellite-subwoofer or column style portable speakers. EVOX, designed for Live Sound, exceeds the portability and performance of other existing products. Products
