With this, eliminate App Facer, restart the devices and reinstall the apps. Now my summit 2 started to receive faces to look again. The selection of the clock faces is fantastic. Without this app, I would like to bore my smartwatch already! Previous-I used to enjoy many facials of the watch provided by Facer. All suddenly, he stopped working at the end of November 2020. He can no longer send watch faces for Watos Watch. I have iPhone 8 and Montblanc Summit 2. I tried everything in the hope of setting the problem. I sent via email to several times to the support address. Zero response. Support help The website is ridiculous also ... buttons to access or restore passwords are deactivated à €
