Of course, interactions between players is encouraged through the social network; Twitter, Facebook, Instagram. This allows the players to grow their town quicker through use support from friends with abilities like 'donate to friends' feature. You can also enjoy the township mod apk offline version for the practice. For more business-minded players once they unlock level 19 then they can interact with others through co-ops and even get rewards through participating in regatta races with their co-op. Township Tricks and Tips should be followed to make quick progress in the game. In a nutshell, the player is building a flourishing town through income generated by harvesting crops at the farms, process them at their facilities, and selling goods to develop the town further. Main currency within the game is T-cash and players also earn XP (experience points) and coins by carrying out different various activities in the game. Whereas XP points are used to go a level up in the game the coins are used to buy building and factories. As the players go up a level, they have through an accumulation of XP points the more variety of decorations, factories, and community buildings are available of them to select from! So the more challenges and opportunities are presented the more players gain to build a bustling city and this is where township game cheats will help you level up!. If you are a newbie player or an expert player who is hooked to the game is looking for township cheats, township hack or township hacks that actually work then read on to level up in the game. Township Hack 2020 - Cash and Coins Cheats Generator Township Hack 2020 - Cash and Coins Cheats Generator Township Hack features ● Different buildings and decorations player can use to create their dream town ● Various crops to grow and later process at factories ● Fun, charismatic townspeople with orders you need to fill ● Town mine packed with ancient artifacts to discover and collect ● Beautiful animals to take care of ● Farms to manage and expand with hard work ● Exotic goods brought from islands across the world ● A zoo to build where you can even breed animals! ● Country flags and famous landmarks you can use to decorate your towns, like the Statue of Liberty, Big Ben, and many more! ● Play with your Facebook and Google+ friends, make new friends in the game community create your own clans! Cheats for Township and township hack T-Cash and Coins Two currencies for Township are Coins and Premium T-Cash and keep the following information in mind about township cheat your way and earn more and level up: Helicopter order request form residents of the town; are easy and wise to fulfill at first however with time as the game progresses these requests will require more time. Therefore, to keep in mind the requests don't pay much for your efforts are to be avoided so around level 20 and onwards only accept orders that pay 300 plus coins. Another township hack is to be mindful of time it takes to produce goods as in an order of 36 carrots are better request compared to 9 popcorn and 8 syrup. Therefore, focus on orders that are fulfilled in a short space of time! View achievements in Township by clicking on the town hall and earn T-Cash and experience points by completing these tasks. A note or the wise players wait for offers before purchasing T-Cash this way you will get more for your money. Of course, if you do not want to spend any money then watch ad videos in the helicopter in return for the premium currency. However, to be noted that players have made claims that when T-Cash is bought with real money this person disappears. Best investment that can be made with T-Cash is to buy additional boxes on the factories allowing players to have more goods produced in a batch at any time. Unless players are running out of time in completion of goods at the airport, they are advised not to waste T-Cash towards instantly completing anything in town. Players are advised to refrain from that claims township app cheats or websites giving away unlimited Coins and T-Cash. Please note these "hacks" do not work and give trouble in return and the same goes for installation of APK files. Township cheats 2021 Farming hacks An extremely vital role for Township players is farming in order to keep a productive town. In the beginning, the player is given a number of fields and as they progress through the game, they will have more land to harvest. Township Cheats iPhone and Township Hack Pro both are working in a pretty good way. Follow the sun approach can be applied and players are advised to have knowledge of time crops take in harvesting. Crops that expect hours to grow like cocoa or potatoes is the way that they should be planted before players go to bed. As a result, they will be prepared to harvest the precise following day. Planting them during daylight is waste of field and given how long these crops take to grow you should only get rid of them if you're short on T-Cash or are in dire need of barn space. As for your animal enclosures like the Sheep Farm and the Chicken Coop, it would be wise to let their finished products sit there if not required yet. This way you'll be able to save up some barn space for other items. Before you harvest milk from the Cowshed you should have some Cow Feed ready and waiting, this will make these animal enclosures more efficient. This way the production of those dairy bottles will continue without delay and you'll get to squeeze as many items produced in a day. Highly recommended tip at Level 22 unlocks the Academy of Industry, at the cost of ingots this special building allows you to purchase permanent upgrades for your own town. Which gives the ability to players to make your factories produce goods faster, have extra boxes, increase the price of your items, and even make trains and ships return faster. Upgrade Zoo Buildings hack Yes, the zoo can be upgraded to boost their attributes! To check the list of upgrades, simply go to one of the towns your Zoo buildings and tap the arrow button at the bottom right-hand corner. A window with the list of upgrades will pop up immediately! Township Friends Benefits hack Adding friends' function is not to be ignored as this comes with a lot of benefits as your friends can render gifts which will support with gaining further rewards and prizes! So, add your fellow friends on social networks like Facebook who share your passion for the game and get extra boxes in the Market. Friends can send you gifts They can help fulfill your requests of airport and train goods or alternatively as they see your own request for help Having friends means seeing their help request and, by filling these requests players receive a clover as a reward. Note that five of these clovers can be exchanged in the House of Luck special building for a random prize! Friends are a blessing as the more friends a player has the more goods can be sold at the City Market! Don't fret if your real-life friends don't share the same passion for the game just add new virtual friends through the game and increase that friend list by selecting from people presented and have the option to be added. But players are limited to 50 friends with the game system that can be added by clicking on the Friends button on the lower right, click on the "Find Friends" tab. Remember these people cannot view your Facebook profile you have liked it to your game so do not hesitate and get adding whilst thinking about all the benefits this will bring! Maximum of 300 friends are shown in the game but players can have as many friends they want through Facebook, Game Center or Google, Windows. One can also use the Township hack no survey, no human verification method, it is also working these days. Township hack android how to get friends and friends code When the person finds the player on Facebook, they can send an invite out for adding. Then within the app click on friend's icon (on the bottom left side of the screen) then click on "invite friends" which will give ways to find other players. Click on generate me a code; which can be given to other players or other plays code can be input there. Township friend code generation Go to the Friends section Click on the Friends Tab At the bottom border click on the button "Invite Friends" In the new window, click on the second button and your code will be generated. To Add a Friend that gave you his Township Code: Visit the friends' section Friends Tab appears to click on that Then click on the Invite Friends button (at the bottom) Green enter button appears to click on that On a new screen, enter the code given and then click on the check mark. Township Gameplay Build your dream city and crops in these games like Township which have mobile (Android/iOS) and computer games with elements of city-building and farming. The game originally launched as Facebook, despite a saturated market at the time, when it was able to capture a large and loyal audience, which expanded further when it came out on iOS and Android devices. In Township, players create and manage their own town, and visit the towns of their friends. In typical freemium fashion, players start with basic options, but through experience gains can unlock options to create things like a port and even a zoo. In order to acquire said experience players will take their starting city and develop it with cultures and other buildings, eventually selling their items for experience, T-cash, and coins. All of this is then reinvested back into your city to expand production or decorations to provide visual improvement. Games like Township, selected for this list below, offer a mix of farming and city development. In these browsers and mobile devices (Android/iOS) you will create from nothing as you sell goods and services in the virtual world to expand your city.
