Aqa a level economics revision notes pdf

7135, 7136 2021 exam changes The Government announced that it won't be possible for exams to go ahead as normal this summer. Read more Find all the information, support and resources you need to deliver our specification. Teaching from: September 2015 Exams from: June 2016 (AS), June 2017 (A-level) QAN code: AS: 601/4372/1, A: 601/4371/X Look Inside ISBN:9781108440417 Format:Paperback Subject(s):Economics Qualification:Cambridge IGCSE Author(s):Colin Bamford Available from: September 2018 Covers the Cambridge IGCSE syllabus (0455) and the Cambridge O Level syllabus (2281), first examination from 2020. DESCRIPTION Economics relates to every aspect of our lives, from the decisions we make as individuals to the structures created by governments and firms. Thinking like an economist can help us all make better choices. With exam-style questions and specific skills practice, this revision guide helps students build their knowledge and understanding of economic theory, giving them confidence to achieve their potential in examinations. Answers are at the back of the book so that students are free to self-study. Contents FEATURES Sample questions and example answers highlight important skills when answering questions. Exam-style multiple choice questions at the end of every chapter give students regular opportunities to practise their skills and boost confidence in preparation for assessment. Exam-style data response questions at the end of each section give students practice analysing information. Progress check questions encourage students to reflect on their learning and build their knowledge. CONTENTS Introduction Section 1. The basic economic problem 1.
