In their time, however, they were a hit. The final book was made into two movies, ending with eight total films for viewers to enjoy. It also had an important lesson to teach: that mastering the mind is more important than the body. Tom and Jerry. Yes, Tom and Jerry started off as a television series, but it also inspired 12 films starting in 1993 and ending in 2015. People love to hear Madeda tell it like it is, even to the point where they'll go see her in a play. It's the perfect movie for a scare with friends, and it never gets old. Harry Potter. The Harry Potter series didn't just rock the literary world; it also made a splash in the cinematic one. Sometimes, however, the sequels seem to go on forever. It taught important lessons about prejudice, friendship and loss while also imagining life for prehistoric creatures. The original 1939 movies had no less than 14 installments, and that's not including any movies made after 1946. But that's not all! Check out their 11 TV shows, two TV films and three direct-to-video movies. We could have any number of sequels cropping up in the future. Photo Courtesy: CBS Television/Wikipedia Recently, the series saw a reboot of three new films complete with advanced CGI and ties to the original series that die-hards surely wouldn't miss. Predator. There's something about these lively puppets and their silly comedy that people just love to watch. King of the Monsters or King of the Sequels - it's hard to say which title Godzilla deserves more. Photo Courtesy: NBC/Getty Images Her hilarious commentary and heartfelt lessons have made 11 successful films over the years. Nails going through people's fingers? Predator films), with Alien: Covenant released in 2017. Needless to say, these movies have made billions of dollars in profits. Godzilla. The first Godzilla movie premiered in 1954. That's right, 11 Madeda plays have been produced as well, many of them based on the films. Yogi Bear. When you think about it, what could be better than a talking bear? Yeno Onthara - Arjun Janja 3. The movies have certainly been successful, but they're not as well-known as the classic series starring William Shatner as Captain Kirk. As technology improves, Godzilla only gets bigger, scarier and more realistic - and it seems that audiences can't get enough. That might be a welcome change to the male-dominated films, paving the way for more inclusive movies in the future. Star Wars. If you're not on the Star Wars bandwagon by now, then you're in the minority. Photo Courtesy: micadev/Flickr There are at least three more movies in the works, including one that is set to be totally female-centered. Photo Courtesy: kaka4pro/Flickr The original movie came out in 1988 and followed a group of young dinosaurs on a heartfelt adventure. The numbers show that this classic concept is still engaging to viewers, even if it has been forty years since the first - and it might last forty more. King Kong. The King Kong movies are as imposing as the giant gorilla himself, with twelve hit films that haven't ceased to entertain. Yogi Bear was the first animated TV character to unexpectedly explode in popularity in the late 1950's. They pitted these two against each other in 1962, and now they're at it again. Hellraiser. Like many great movies, Hellraiser is based on a book. Photo Courtesy: Sunset Boulevard/Getty Images The first movie influenced many slasher films to come and continues to be a fan favorite. The man himself is one of those timeless characters in popular culture that just keeps coming back for more. That's not counting the prequels, either. Rocky. The Rocky series was a staple for older generations, with many films released during the 70's and 80's, but the films managed to make their way into the 21st century as well. Since then, it's amassed ten more films, never failing to make big bucks at the cinemas. After all, what can be more entertaining than a game of cat and mouse? Police Academy. The Police Academy movies are on the older end - they haven't made any new sequels since 1994. This prehistoric monster has now reigned over cinema for more than 50 years, with a total of 35 films produced, more than any other movie franchise by most counts. It starred Charlton Heston in his discovery of a strange future where apes run the world instead of humans. Who could forget him? But will it really be the end of the Halloween sequels? Seven in total. The character of Sherlock himself dates back to the late 1800's with Sir Arthur Conan Doyle's original novels, and the most recent Sherlock film was released in 2018 (Holmes and Watson). Bond has become an iconic film character played by seven different actors in a 57-year lifespan. There have been no less than 12 Friday the 13th movies. In fact, that's exactly what viewers pay to see. If you've ever sat through a Saw film, you know that around every corner is a gruesome, traumatic scene waiting to happen. A total of 11 films were released. The Land Before Time. The Land Before Time inspires childhood memories for many Gen Xers and Millennials, but it's likely familiar to even younger generations childhood as well. 13 of them, to be exact. The latest movie was in 2018, but who knows? Photo Courtesy: Archive Photos/Getty Images There are a total of seven Police Academy movies along with a couple attempts at a TV series. Oh Mahiyaave - Sonu Nigam, Shreya Ghoshal 2. Can you guess which movies they'll be? Halloween. One of the most successful movie series in the horror genre is Halloween, currently at 11 total films. James Bond. People of all ages love New York's web-spinning guardian. When it was first released in 1978, viewers were appalled and intrigued by the suspenseful story of serial killer Michael Myers, one that seemingly never ends. This was initially confusing for many fans but allowed for more creative freedom during the writing process. Photo Courtesy: AntMan3001/Flickr Some big names in Hollywood have played this stoic hero over the years, including Christian Bale, George Clooney and Ben Affleck. Great - if that's what you're into. Kaage Kannu - Kailash Kher Barfi Photo Courtesy: Silver Screen Collection/Getty Images It's always exciting when a new sequel is released. For its cinematic influence alone, it's worth a watch. The Pink Panther. For those that like a more relaxing film experience, the Pink Panther won't let you down. Photo Courtesy: 光头人/Flickr Despite having been burned at the stake, Freddy Krueger isn't finished wreaking havoc on sleeping children. Only time will tell. Every movie in the Batman series may not technically qualify as a sequel, but the sheer number of them is impressive in itself; there are 14 Batman films dating as far back as 1943. Unfortunately, this franchise hasn't made a come-back yet, although movies like Super Troopers have many similarities. Alien. A total of six movies complete the Alien series (excluding the Alien vs. Photo Courtesy: Cristian Bortes/Wikimedia Commons So why is he so popular? It may seem like a small number, but don't worry, there will be more. The best part is that the X-Men crew is made up of many different characters, which means some movies focus on different heroes. It also references a specific scene in the movie, but you'll have to watch it to find out which. Saw. It's a wonder they've managed to make so many sequels of a movie that is so hard to watch. When they rebooted the series, Steve Martin's hilarious performance made them instant hits. Madeda Simmons. It's not the male-actor-dressed-as-female-character gag that makes Tyler Perry's Madeda films such a huge success as much as Madeda herself. Even so, Star Trek has won a name for itself as a series (and movies) with some of the most sequels of all time. A Nightmare on Elm Street. Halloween isn't the only horror flick with a daunting number of sequels - A Nightmare on Elm Street boasts nine terrifying installments that are worth a scary movie marathon. Kermit the Frog has even had appearances on The Tonight Show, Larry King Live and American Idol. Sherlock Holmes. If there's one movie series that might go on forever, it's Sherlock Holmes. Some have five, and some more than twenty. These movies were released under different names all throughout Europe and made fair profits. There have also been books, comics, video games and a TV series inspired by the movies. The Fast and the Furious. Sometimes, you just want to see cool cars and intense action scenes - and that's precisely what you'll get if you buy a ticket to movie in The Fast Saga. They've also inspired films centered on Batman's nemesis, the Joker, most recently played by the talented Joaquin Phoenix. Star Trek. While Star Trek was a series first, it was also made into multiple feature-length films. Photo Courtesy: Ilona Higgins/Wikipedia Fans saw the films' three protagonists grow up before their eyes - and fans grew up alongside them, in many cases. Photo Courtesy: AntMan3001/Flickr So what is the official number of Superman movies? If it's anything like Halloween, it'll last for many more years. El Hombre Lobo / Wolf Man. The Hombres Lobo series follows Count Waldemar Daninsky, a werewolf, who oftentimes gets into trouble with other scary monsters like vampires and even Frankenstein. Initially a dull man in his late 30's, Bond's character has developed into a tough, smooth-talking womanizer surviving through 26 films. After a while, you're not sure where it all began anymore! Read on for the movies with the most sequels ever. It looks like there's no end to the hijinks this pair can get into! Photo Courtesy: momokacma/Flickr These movies owe their success to the diverse audience they attract; adults and kids alike find themselves laughing at these characters. It only has five films in the series, one of the smallest numbers on this list, but that doesn't mean it can't catch up to others in the years to come; the latest installment came in 2010, so a new Karate Kid film might just be due soon. In fact, Yogi was originally a supporting character to Huckleberry Hound. Two more films are set to release in the coming years: Halloween Kills and Halloween Ends. Photo Courtesy: BagoGames/Flickr This idea resonated so much with fans that it's lasted for 12 installments since 2000. Photo Courtesy: mwibels/Flickr The great thing about these 12 movies is that they upend people's expectations of a detective - instead of a cunning, quick-witted mastermind, we find a clumsy, accident-prone goofball. Photo Courtesy: Hulton Archive/Getty Images With a lifespan of over 100 years, the number of movies, TV shows and shorts modeled after this character are many, indeed. Photo Courtesy: Columbia Pictures/Getty Images The original 1984 movie also inspired a TV show and launched Ralph Maccio's acting career. A grand total of nine films have been made in this series since 2001's The Fast and the Furious, and they're not even close to being done. Baaro Baaro - Anuradha Bhatt 7. Photo Courtesy: Universal Pictures/Getty Images If the title sounds familiar to you, that's probably because they took it from a popular song by Don McLean. There are 11 Yogi Bear movies and counting,

along with several TV shows, including 2020's Yellowstone! His real-life cousins aren't so inviting.SpidermanAnother famous superhero, Spiderman, has eight films to his name. It's not exactly a family-friendly film — the plot centers on a group of friends trying to lose their virginities — but its raw comedy hit home with audiences nationwide. There's variety, suspense and intrigue, so prepare yourself — this series could go on for decades.SupermanSuperman is one of those series that's defined American society. Photo Courtesy: BagoGames/Flickr Even though Sigourney Weaver is no longer the protagonist of these suspenseful films, who can refuse a good extraterrestrial plotline? Photo Courtesy: solonas malkas/Flickr The movies revolve around beings called Cenobites that seek out humans for torturous experiments. You get to see your favorite characters once again in a new — or not so new — storyline. They've been so popular that even the youngest viewers are likely to know the iconic Rocky theme song. This is essentially the premise of X-Men: certain people have powers, and they're swept into a world of heroism and crime-fighting. The plot has some similarities with the former, as well: a serial killer hunts down kids, only he's dead. Despite the multiple entries in the series, however, there's one scene that's arguably the most memorable: when an alien explodes from John Hurt's chest. They're often released exactly on Friday the 13th, which makes seeing them in theaters even more exciting. The Hellbound Heart by Clive Baker was written in 1986 and laid the foundation for this popular horror film. It all starts with the supposed drowning of a child at camp, who comes back with a vengeful spirit. Or will Sherlock live on forever?James BondBond. The author gave up his rights after the first movie, not knowing they'd go on to make nine more with the same name. The most recent sequel was released in 2016, number 14 in the series. With that amount of content, you could spend months watching only Muppets. That's a lot of air time. Photo Courtesy: Fabian Reus/Flickr Godzilla: King of the Monsters came out in May of 2019 with Godzilla vs. She's an over-the-top, tough-love, back-talking grandma with an attitude, and she resonates with many viewers. Photo Courtesy: Keng Susumpow/Flickr King Kong goes head to head with another giant monster, Godzilla, in a new entry in 2020. Photo Courtesy: Mark Anderson/Flickr Nowadays, however, Yogi has proven to be America's favorite by a long shot. Kannali Kannidu - Sonu Nigam, Shreya Ghoshal 4. The monster himself is a complicated one — sometimes he's depicted as mindless and destructive, while other times he's a misunderstood anthero. Ever since the first movie was released in 1977, fans have gone positively crazy for the space fantasy saga. With such a unique plotline, it's no wonder it's lasted so long.Planet of the ApesLike many successful movie series, Planet of the Apes inspired a loyal cult following in its heyday. Whether you go for the older films from the 60s or the more recent reboot from the 2000s, you'll find comedy and suspense rolled together into one delightful movie. Download - 320kbps Zip File 02. Photo Courtesy: alfredituzz :B/Flickr The interesting thing about the Hombre Lobo sequels is that they're not sequels in the purest sense — each movie, despite starring the same character, has a different storyline and background. The original series was made up of five films released between 1968 and 1973. It's a sadistic, terror-filled franchise appealing to the same people that love Saw, Halloween and Nightmare On Elm Street. They got into all kinds of trouble, oftentimes getting knocked around in the process. No one is ready to let go of that blue leotard and red cape just yet.American PieAmerican Pie wasn't supposed to spawn many sequels, but it was such a hit in theaters that they created three more, along with another three spin-offs. MORE FROM SMARTER.COM Given the fierce following that already existed for Harry Potter at the release of the first movie, no one was surprised by its immediate success. Audiences can only imagine what terrible events will transpire in that one.The Karate KidNow here's a kid-friendly movie.
